James Patterson has had more New York Times bestsellers than any other writer, ever, according to Guinness World Records. Since his first novel won the Edgar Award in 1977 James Patterson's books have sold more than 300 million copies. He is the author of the Alex Cross novels, the most popular detective series of the past twenty-five years, including Kiss the Girls and Along Came a Spider. He writes full-time and lives in Florida with his family.

I am never disappointed in the Maximum Ride manga series! The art is always fantastic and the story is brilliant! This volume was very fast paced, and I love the volumes like this one. We get some more great city views and just seeing what the flock does from day-to-day now that the world knows who they are is also very fun. I can't wait for volume ten!

My son really loves this series by James Patterson. He has all 5 of the volumes and has read and reread them several times. He really likes the story line and I love the fact that he is reading.

My kids absolutely love this book series. It is a comic book written after these novels Maximum Ride by James Patterson. My kids can have this book read within an hour to an hour and a half. They can't wait until the next book is delivered. We are awaiting the release of book 10 and have preordered it.

I paid 9 \$ for this and read it all in half an hour. It's really not worth it. You should just read the novels. There's way more content and more hang for your buck. The art is nice but it's still not worth the price

Ever since reading the 8th volume of this series I was going crazy figuring out what happen to max and the flock. Now I can breath a sigh of relief. I can't wait for the next volume.

I loved the series by now! Seriously it's a great book. I'm 10 years old and I still love these books.

Bought for my 11 and 12 year olds and they love the series.

Good book
