Customer Reviews

Good selection, but I agree with some of the other reviewers that this is not good for a beginner. The chording is good though - fun to practice.

This is supposed to be "easy piano" level, but it is very difficult. However, our piano teacher was very willing to dub it down for my 8 year old. If you are not into Disney movies, there isn't a whole lot of memorable pieces out there for girls. This fills that void.

This book is great for learning the songs! It's very easy to read. I would recommend it to anyone looking for the sheet music to Annie songs.

This was bought for a little one that plays piano, in plays and enjoying singing. This is such a good book for those who would like to play piano and sing "Annie" songs. I would use this seller again.

Awesome
