Natural Color: Vibrant Plant Dye Projects For Your Home And Wardrobe

Synopsis

A beautiful book of 100 seasonal projects for using the brilliant spectrum of colors derived from plants to naturally dye your clothing and home textiles. Organized by season, *Natural Color* is a beautifully photographed guide to the full range of plant dyes available, drawn from commonly found fruits, flowers, trees, and herbs, with accompanying projects. Using sustainable methods and artisanal techniques, designer, artist, and professor Sasha Duerr details achievable ways to apply these limitless color possibilities to your home and wardrobe. Whether you are new to dyeing or more practiced, Duerr's clear and simple ingredients lists, step-by-step instructions, and detailed breakouts on techniques such as shibori, dip-dye, and block printing will ensure beautiful results. With recipes to dye everything from dresses and sweaters to rugs and napkins, *Natural Color* will inspire fashion enthusiasts, home decorators, textile lovers, and everyone else who wants to bring more color into their life.

Customer Reviews

I cross-referenced this book with another lovely natural dyeing book after the walnuts started falling in our yard last month and was so happy with both of them. This book was full of delicious photography and I loved the detailed instructions for someone who was literally starting from square one. It has opened up a whole new world for me creatively and I'm so thankful that Sasha has shared her extensive knowledge and creativity with the rest of us!

Absolutely packed with gorgeous and inspiring photos! It's a great addition to my natural dye library!

Very interesting with many new recipes.

Very good resource

This is a very useful, amazing book. Came in perfect shape.

Very nice book. Great ideas

Beautiful book. I've bought several of them for gifts. Everyone who receives this book...loves it!!!

Perfect!
