Customer Reviews

Even though, I haven't made all the smoothies but the recipes does not require many ingredients. I enjoyed what I made.

Great recipe and information about "super foods", organic fruits & vegetables and how to use these

together to make a healthier YOU. Love these smoothies, filling, healthy, no loss of energy but an increase in energy. very easy (once you get everything needed).

It's ok I already know about them nothing new

Love the smoothies in this collection.

the book is awesome, I bought a magic bullet and lost 15 pounds in two weeks. now I just try many smoothies 2 to 3 times a day. this book tells me what each fruit and vegetable does for your body ,and most of it use .the recipes in this book sound delicious.

You get what you paid for, no pictures and about 10 recipes. Ok for 1.00, the recipes are good. Good for a cheap book

Not really what I wanted. It doesn't explain what the smoothie is detoxing nor why you use the ingredients of the particular smoothie. You can get better info on the internet.

Awesome recipes, delicious and easy to make. I feel so healthy and rejuvenated. Highly recommended to any body who needs to reset you're body.
