Corporations, Other Limited Liability Entities Partnerships, Statutory Documentary Supplement (Selected Statutes)

Synopsis

This supplement is designed for a basic business organizations course focusing on corporations, limited liability companies, and partnerships. Statutes include up-to-date versions of the Model Business Corporation Act as well as the Uniform Partnership and Limited Partnership acts. It also contains the Delaware Corporation Law and Delaware's Limited Liability Company Act. Selections from the federal securities laws that are typically covered in the basic business organizations course are also included. Significantly shorter than some other statutory supplements, it is easier to use and to bring to and from class. The supplement also includes some sample corporate documents, including a certificate of incorporation, bylaws, and minutes. These documents give the students hands-on exposure to documents talked about in class. Even with these sample documents the supplement retains a manageable size. The authors have not included the 2016 revised Model Business Corporation Act since the former version is more likely to reflect provisions that have been enacted. The 2016 revision can be found online [here](#).
