The Playmaker (A Big Play Novel Book 1)

Synopsis

The first book in a young adult romance series about a small town football team and the girls who win their hearts. This is it. •Tori Lomax's senior year. Her last chance to leave Nelson High without a bucketload of regrets. Number one priority: get Colt Burgess to fall in love with her. So what if he's the Raider's number one playmaker? So what if he's so far out of her league, the idea of them together would rupture the school's social order? She has to try, before it's too late. She's come up with the perfect set of plays. All Colt has to do now is buy into them. Colt Burgess wants one thing: to play football after high school. But his grades are tanking and his dreams of playing college ball are fading. Fast. He shouldn't waste time on Tori Lomax. However, she was a friend back in middle school, and he can't really ignore her small request for a favor. How hard can it be to get the guy she's lusting after to notice her? He'll help her out, and then he'll focus on what's really important: football. Assuming he can stop thinking about her. Already released! Book 2: The Red Zone Book 3: The Handoff Book 4: Shoot The Gap If you'd like to stay up-to-date with releases you can either follow Jordan on , or you are welcome to sign up for her newsletter: <http://www.subscribepage.com/u5u0a3>

Customer Reviews

>Book Review **The Playmaker** I am an independent reviewer. This book is the first in the Big Play series and ends in an HEA. Colt and his childhood friend, Tori have grown up and grown apart. Problem is, Tori is in love with Colt, the football star. Both Tori and Colt have self-esteem issues. It is nice to see the popular male character have similar self-esteem issues as the female. All of the dynamics of the high school cliques are present, showcasing how tough it is for one person to bridge the gap between groups.>Tori decided to reinvent herself in order to win over Colt. I disliked the fact Tori felt she couldn't just be herself. No one should feel they have to change themselves for someone else. Even at the end, Colt wanted to keep everything quiet and Tori was okay with that. I was insulted on Tori's behalf. This story reminded me a bit of the story in Grease. I kept expecting the characters to break out singing Greased Lighting or something.> This book is appropriate for a young adult (16+) audience. I am giving the story 4 stars.

The Playmaker is the first book of a four book series, each the standalone story of a different Nelson High School Raiders football player. This first book is the story of the senior running back, Colt Burgess, and Tori Lomax, the girl who has loved him since they were kids. I really enjoyed this story. It is told in alternating points of view and was a light, funny, and sweet read. It was a fast read as well, maybe four hours or so. It had a little teen angst, but nothing major, and it didn't drag on forever. I loved Colt and Tori, as well as Tori's best friend, Amy (who I hope will be landing her own player in a later book) and the rest of the players that are introduced. Although the game of football is not a huge part of the story, there is a scene or two from Colt's point of view, where we get to watch a few plays take place. I loved reading these scenes. The author did a really good job of writing accurate details of the game and plays, which she credits to her brother. As a huge football fan, nothing frustrates me more than reading a book about a football player that is completely inaccurate about the sport. I appreciate when an author takes the time to make it right. I'd recommend this book to those who enjoy a good YA story. There isn't anything really new or different about this story, but it is a fun book and very enjoyable.

I absolutely loved this book! The characters are very well developed and I fell in love with them

instantly. Tori is a quirky, high school senior, determined to make her senior year count. Tori's friend Amy thinks her plan is nuts, especially when Tori comes up with an elaborate play to get Colt, a hot football star, to help get her noticed. Little does he know...he's the true object of her affection. I felt like I was in high school again; living vicariously through Tori. Her quirky attitude and free spirit had me laughing throughout the book. I also felt her embarrassment, torture and crushed spirit, but she always bounced back. She's certainly determined and doesn't give up. The ending is perfect! I can't stop smiling. I definitely recommend reading this book and I look forward to reading the next installment about Mack. 5 stars!

Paperback (edit) Review Tori Lomax had one goal for her senior year - to get football star, Colt Burgess, to fall in love with her. The two were childhood friends, but drifted apart as they grew up. Tori's master plan to get Colt to fall for her included asking him to help her get the attention of the school's quarterback. Colt taught Tori football and how to twist herself into someone she wasn't when she easily could have just offered to tutor him in history and get back into his life that way... It was easy to see that Colt would fall for Tori while he thought he was helping her get another guy. But the story was cute and sweet, with some awkward moments that made me feel like I was back in high school watching myself or friends doing the same things.
