Couldn't get past the 2nd chapter. Nothing new here.

A great book with ideas and viewpoints that I had not even considered before. Sound, practical advice for those who want to make an eternal as well as present difference in the lives of their grandchildren (and children). I rarely recommend books but I highly recommend this one!

After I read this book, I ordered several more for friends! It is so timely and helpful for today's Grandparents! My favorite chapter - which I refer to often - is "Intervening Versus Interfering". There is also a chapter on step-grandchildren, and what to do when your grandchildren move in with you. Makes a great baby shower gift for the new grandma-to-be!

Great perspective here on the long-term impact good grandparenting can make in the lives of our grandchildren. The advice is both wise and practical -- and I would think, useful for uncles and aunts, also.

Great biblical and practical discussion on our role as grandparents. Enlightening and convicting at times. Was our Bible Study for a year.

This book was very helpful to me. It gave me a point of view from a child's eye and reminded me of my own grandfather. It brought things to mind as I saw them then. I think I will be a better grandmother now as I thought my grandfather was the best. I will be coming from where he was. My granddaughter and I are already on to a better relationship.

EXTREMELY valuable encouragement, teaching and advice! In today's society we see so many diverse families. This book is a great encouragement to love on our grandchildren while following Jesus!

Best book on grand parenting I have ever read. Ordering it for all my friends!
