The Guide To Owning A Ragdoll Cat

Gary A. Strobel & Susan A. Nelson

Synopsis

Captivating owners with their big blue eyes and their exceptionally friendly demeanor, the Ragdoll has become the fastest growing and most lovable breed of cat ever developed. This guide includes plenty of clear advice on proper feeding, grooming, and health care, as well as all-important facts about breeding these popular indoor cats.

Customer Reviews

I am going to add a cat to our household and I want to learn as much as I can about the breed. This book describes the personality and needs of this breed so well. The reader is given advice about selecting a breeder, the proper housing and care for this specific breed and proper care throughout the cat's life. Each breed has its own personality and this book has convinced me that the charm and loving personality of the Ragdoll cat will be a wonderful addition to our family. In addition, this book is a great reference to keep on hand. Highly recommended.

This book has a great deal of detailed information regarding the Ragdoll breed. It's difficult to find as much information about the Ragdoll.

I rather enjoyed this book, and it was difficult to find a book about this specific breed, let alone caring for cats explained in a simple manner that was informative as well. Great for new cat owners, especially those with ragdolls in mind (of course). I highly enjoyed this short book and I would recommend it to others who were interested in the topic.

I'm preparing for the arrival of my Ragmeister Ragdoll kitten and the information is very helpful. It's also very thorough while being an easy read. I think the information contained in the book pertains to most cats. Love the photos of the beautiful Ragdolls.

A very good guide to your new love muffin.. Some of the information in this book is critical to your ragdolls health and well being. If you are going to add one or more of these fantastic cats to your home you must read this book! The section on vaccinations is vital'

My child is obsessed with cats and absolutely loves reading this book. Lots of photos make it engaging for young readers. Recommended.

I have two boy Ragdoll Cats, 7 years old. They are wonderful companions. Love to be in my company. Love their grooming, because, of course, that means getting lots of attention. It's been awhile since I read this book so I'll have to get it out again. I know I enjoyed it the first time I read it.

Very good information.
