Manga Workshop Characters: How To Draw And Color Faces And Figures

Synopsis

Create your own manga characters!The manga universe is diverse--full of cute chibis, soulful romantics, cunning villains and sassy schoolgirls. Whether you want to tell love stories, create fantasy worlds or explore the drama of everyday life, you can do it with the help of self-taught manga artist and YouTube celebrity Sophie-Chan. You'll learn to draw personality-filled characters and create unique manga stories from start to finish, even if you've never drawn manga before!Inside Manga Workshop:30+ start-to-finish demonstrations teach you to draw women, men and children of all ages, perspectives and personality types, including classic manga schoolgirls, the boy next door, businesswomen, rock stars and gothic vampires.The Face. Using simple shapes, draw different eyes, noses and mouths to create endless expressions, from blushing surprise and happiness to full-blown tears--even cool hairstyles!The Figure. Follow easy guidelines to create proportionate characters--chibis and children, high schoolers and warriors--and place them in scenes. Plus, learn the secrets to drawing accurate hands and feet, including shoes!Color. Learn to color your manga with colored pencil, markers and digital drawing programs to reflect setting, genre, time of day and personality traits.Bonus pages show variations on facial expressions, common poses, extra outfits and how to use each in your story, plus special drawing demos, including an angel, vampire, witch, a magical cat and Chan's own characters.Includes publishing tips, words of advice and insider secrets!

Customer Reviews

Sophie-chanÃ Â is a self-taught manga artist who gained a following by posting drawing videos on

her YouTube channel titled "sophiechan90" with over 23 million video views. Sophie began drawing and writing stories when she was 7-years old, determined to reach her goals of having her own manga series/anime adaption and becoming well-known worldwide as a manga artist.With hard-work, patience and determination, Sophie was able to publish her first graphic novel The Ocean of Secrets, a full volume manga series in April 2015.

Lovely art style, though for a begginer it may be hard to get lost on the details. Buy otherwise, very good. The most helpful part of it was the coloring section. Though I would've preferred if she used Paint Tool Sai instead, which is more affordable than Manga Studio in my opinion.

This is a beautiful book. I was a tiny bit familiar with Sophie-chan's art and I'm glad she has given us a good resource. Everything is detailed and easy to understand.

Got this as a gift and she was a very very satisfied little young lady. It was coincidentally the one she wanted. Jackpot! :)

Great book easy to "how-to" drawings with examples yoou can apply right away. Highly recommended!

This really helped me. I'm glad i bought it. :D

Its perfect!

A well thought-through tutorial book for the beginning artist, or even the experienced. Sophie-chan has quite an unique style, and I've been inlove with it for several years now. This book cover the basics as well as miscellaneous and various other aspects. You got everything from face of different ages and genders, to how to draw special character types, like an angel.One of my favorite parts of the book, is that there is pages dedicated to "how to color" which isn't something you see very often in a manga tutorial book. I love the fact that she used the same artwork to show how copic markers vs colored pencils work differently. On these pages she also explains step by step how to color the drawing, which was really useful for me. (I'm great with copics, but sucks when it comes to colored pencils xD). I've spend a long time trying to figuring out how to use colored pencils properbly, but never found the right tutorial, so I'm ecstatic to have found just the right one!In these pages, she

also explains how to color digitally - step by step.All in all I really loved this book. It was very basic, but still had aspects that I haven't seen in other tutorial books (I own quite a few). - So even if you're an experienced artist, this book can certainly help you even so. And it's always fun to learn new art styles ;-)
