Her latest general audience book is the biography MONA LISA: A LIFE DISCOVERED.

Just be aware that it may or may not come with the personal wellness guide. I needed the guide for a class and rented this book, but no guide came with it. can't really do anything because it is a rental, so I suggest getting the rental of the wellness guide separate (and if you're lucky and get two, you can always return one). Don't want anyone else to be cutting it close to class times!

Excellent. Good information to learn about. I was just a little disappointed with the condition of the book. It looks old and deteriorate.

Correct book for my class. Came early and at a fantastic price!

The textbook arrived just as the semester started and I was beginning to sweat. But, it's here now with it's companion (which isn't at all necessary for the course) and the beat goes on.

Came early! Loved this book very informational and fun.

It was wrapping in plastic packaging and was received with out any damage. Wish the course was as good as the book.

great information and it helped me learn things i didn't know , it also helped me with my health class

It was a good choice to rent this book. Yeah! Always have this as an option. I'm very pleased with this.
