in Kindle Store > Kindle eBooks > Nonfiction > Politics & Social Sciences > Social Sciences > Anthropology > Physical #33 in Books > Politics & Social Sciences > Anthropology > Physical

## Customer Reviews

It's a book, It's required for the course and paid for the new edition as I had no choice. Overpriced books just like the rest of them but it has all the information you need for the lab course.

I am in college using it for a lab class for anthropology. Everyday we read and do worksheets from here. It's great! I like the textbook/workbook combination. 4

Great tool! It's nice to have my lab manual loaded on my tablet instead of lugging around another book

Bought this a little while ago, and it arrived in perfect condition.

great

love it.

you can't print out the home work and lab pages. stay away....
