The Book Of Life After Life

Synopsis

What is a soul? What happens to us after we physically die? What is consciousness, and can it survive without a physical brain? Can we remember our past lives? Do near-death experiences prove immortality? How does Reincarnation really work? Drawing from ancient Jewish wisdom and a modern understanding of consciousness, Rav Pinson explores the possibility of surviving death, the near-death experience and a glimpse into what awaits us after this life. (This book is an updated and expanded version of the book; Jewish Wisdom of the Afterlife)

Customer Reviews

"There is no greater joy than the resolution of doubt" The opposite is equally true. When there is nagging doubt and crippling uncertainty there is little room for joy. All psychological pain stems from insecurity and separation, whereas all real joy comes from clarity and connection. A fundamental aspect of the fear of death is a fear of the unknown. Part of the pain we experience when a loved one passes is founded on a crippling uncertainty of what happens next: Where does the person go? Where is their soul? What has died and left us, and what still remains? When a loved one leaves this world there is a dreadful void and a deep cave of unknown darkness surrounds us. It is a fearful place that we are forced to enter into by circumstance where no light seems to shine. We are left with a rip in the seam of our certainty, a gaping hole in our understanding of life. In exploring the great body of Torah and Kabbalistic wisdom regarding the soul that we have been gifted with, the intention is to illuminate the dreadful shadow of death and loss with the light of life, clarity and knowledge. Â

Rav Pinson is a world-renowned Torah personality, prolific author, and beloved spiritual teacher, a master of the revealed and hidden aspects of Torah. He has been hailed as one of the most important teachers of the generation. And is widely recognized as one of the world's foremost authorities on authentic Kabbalah and Jewish Philosophy and Wisdom. Through his books, lectures and seminars he has touched and inspired the lives of thousands the world over, and continues to serve as a mentor to many thousands of students across the globe. Rav Pinson has authored over 30 books, many of which have been translated into multiple languages, such as, Hebrew, German, Spanish, Russian and Portuguese. Rav Pinson is the Rosh Yeshiva of the IYYUN Yeshiva/Kolel and dean of the IYYUN Center in Brownstone Brooklyn, NY.

A clear, lucid and understandable exploration of an enigmatic topic. Rav Pinson brilliantly makes these seemingly obscure ideas come to "life"

Guaranteed to become a treasured member of your library. This beautiful book has the scholarship of a textbook and the poetry of a master bard. It is guaranteed to awaken a holy spark within and will satisfy your questions about what to expect in the afterlife. It delivers answers in an easily accessible manner no matter your background.

Amazing book. Every Jew should read it.

Amazing book!

Excellent

This book appears to be a reworking and essentially a new edition with a different title of "Jewish Wisdom on the Afterlife: The Mysteries, The Myths, and the Meaning", Q&A Books, 2006 and which I own. I had a suspicion this might have been so and made sure to check it out rather than end up owning two similar books. I could look inside "The Book of Life" at .com UK to make the comparison with my book "Jewish Wisdom on the Afterlife: The Mysteries, The Myths, and the Meaning", but this latter book can be looked inside at .com US. Perhaps the more recent book has more work go into it and so is the better buy. But I am in no position to pass judgment on this. I do think owners of the earlier book should be warned so they can know they need somehow to make an informed decision about whether to buy the later book..

This book is a masterful work. My wife is a regression hypnotherapist who very often bumps into questions regarding the afterlife and how her work and what clients experience match up with Judaic teachings. Rav Pinson's book is an excellent resource in her line of work and in general a fascinating compilation of Torah ideas and teachings on this subject. The book is written clearly and the language is precise while managing to explain even difficult concepts well. Both my wife and I have recommended this text to friends and relatives who have lost loved ones. The feedback has been overwhelmingly positive and they have each remarked that this book gave them a lot of insight and comfort.
