Necromancer's Curse (Half-Elf Chronicles Book 4)

Synopsis

When death awakens there is nowhere one can hide. Kealin's blades still reek from the blood of Vakron-Tur. He defeated the dark wizard but lost his elder brother. The god of death's voice resonates in his mind and he struggles to control what little of himself that remains. He is close to reaching his sister but with so much lost already, he wonders what end will come from his quest. Journeying south with his companions, he meets Veora, a beautiful but sadistic necromancer. As an acolyte of the Five and a student from the High Sanctum of magic, she agrees to lead them to her masters. But while this practitioner of death magic knows what Kealin seeks, he senses a presence about her. Something she is hiding. When it comes to magic, is death no more than another path to life or a shadow of a darker and consuming evil? Many fans of fast-paced sword and sorcery and fantasy adventure, have loved the first three books in the Half-Elf Chronicles by J.T Williams. Do not miss Necromancer's Curse, the fourth book in the series!

Customer Reviews

The book was fabulous. It kept me on the edge of my seat and I couldn't put it down. I had to see what happened next. I hope there's a next book.

Great books. Good job

Best one yet, can't wait for the next book!

These books just keep getting better! If you have read the rest of the Half-Elf Chronicles be sure to grab this one as it will rock your world. If you have not read the rest, go do it, you are missing out. JT does such a good job of bringing the characters together at different parts and forming them into an awesome group. But in this book they begin to see there is a greater evil that is at work in the world. Time is running out, can Kealin save his loved ones? Such a good read, I highly recommend it!

I was drawn in right from the start and was enthralled as the characters developed and the story unfolded! I highly recommend this series. On a side note I am once again extremely mad that has noted when bringing the story up that this book is part 4 of a 4 part series which obviously is NOT correct! No matter how I might enjoy a series I wait until it is complete before I start as I literally read hundreds of books a year having to go back to a series for the next installment a year later after so much reading is frustrating to say the least. Authors should ensure their series are correctly listed. In kindle unlimited below the picture it states this is a four book series. I've no idea if I will even bother to try book 5 despite loving the first 4.

In a land and time fraught with peril, join the characters in their achievements and shortcomings.

This book pulls you in and you just have to read it all. The twists and turns are not easy to see and I enjoy that.

A very great read and continuation to this series. I can't wait for the next book.
