Customer Reviews

I read the first Ruby Preston book last year and I wasn’t sure that I was all that thrilled with Lucy. The reason was she was still in love with her ex-husband who makes his money from illegal methods. I like the author’s writing so downloaded this. Sleep Tight had me hooked right from the start and it has been a wild ride. It’s about a twisted serial killer. I do like Ruby and find her to be a very compassionate leader but I still don’t like her association with her ex-husband. It a very fast moving book and I will order more in this series.

In East London, a killer stalks the streets. Many young women's bodies have been found, their bodies posed like a fairy tale princess in long dresses. The bodies have been mutilated, body parts missing. Detective Ruby Preston is determined to hunt down this villain. Shockingly, some body parts have been discovered in the home of her lover, Nathan Crosby. She works hard, hoping he will not be a suspect and she believes that he is being framed. This novel is spine chilling, a rapid page turner which will engross readers. You may not want to read this at night ... you may not be able to sleep!

I really enjoyed reading this book.. the pace was fast and the book was very well written. I recommend this book highly.

As we know, serial killers stalk our streets. This story was as dark as it gets. I wonder sometimes how the authors of these books manage to sleep at night. I would like to read one where the detective was just a normal officer though.

Really liked the book. I love Ruby and am always intrigued by her relationship with Nathan. I also like the fact that she's not afraid to bend the rules to stop a killer.

Very good book. I really like Ruby's character. Cant wait till next book in this series comes out, already have it pre ordered. Will Lennie really leave ruby alone?

I love mysteries and this was pretty well written, but I thought a not too long. Also all the British grammar which was foreign, did little to keep me engrossed. Nice summer time read.

I love Caroline Mitchell and her books! I loved the first Ruby Preston book and was so excited when the new one was being released. However, I could only find it in Kindle and am not crazy about that format. I wrote to Ms. Mitchell and she was kind enough to write back and let me know that Sleep Tight would be released in book form. As soon as it was, I ordered it and began reading it immediately!!! Fantastic book, great characters, scary bad guy and a shocking twist that literally had me screaming!!! Now the long wait for the next one. I love Ruby Preston and hope that her fans will see a lot more of her. Thank you Ms. Mitchell for some wonderful books and the time spent enjoying them.
