TRAVLR'S KEY ANC EGYPT

Synopsis

To appreciate the extraordinary treasures of ancient Egypt, a traveler needs an extraordinary guidebook. The Traveler's Key explains the deeper meaning and spiritual significance of Egypt's art and architecture. This revised and updated edition includes Serpent in the Sky author West's startling evidence for redating the Sphinx. --This text refers to an out of print or unavailable edition of this title.

Customer Reviews

'I'm going to Egypt and I used this book to plan my visit, it is hand down the best guide book out there for Egypt. Even if you are not planning a trip to Egypt, this book has a lot of interesting information in it. The author has an interesting theory that the ancient Egyptian built their building as frozen music, of music in stone. He cites this one example of a pair obelisk at this temple in Karnak, one obelisk is still standing while the other obelisk is broken and laying beside. He states if you put you ear on the fallen obelisk and smack it with an open hand, you'll hear the humming sound of a tuning fork. When I get to that temple 'I'm going to test his theory for myself

The best guide to Egypt I have ever seen if you are interested in ancient sites. It digs way down into the true meanings of the site and how ancient Egypt functioned. I recommend it without reservation. the author, John Anthony West is a true gift to humanity!!

I am very happy with this book. I will be visiting Egypt soon and this book is helping me to decide

which places to visit first. I am certain I will use this book as a reference for all of my future trips to Egypt.

Excellent scholarship

This is a fantastic book, plenty of information. A must have.

Wonderfully detailed guidebook specifically geared to the ancient sites in Egypt. Being an armchair Egyptologist, I like to think I know most of what there is to know about the sites of Ancient Egypt. I've yet to find a site not listed in this guide! Highly recommended.

When I first went to Egypt over fifteen years ago, I had with me only conventional and academic guides to that beautiful and wonderful place. I purchased this one to supplement my itinerary for the next journey to that sacred land.

If you are able to visit Egypt read this book first.
