Strokes Of Genius 7: Depth, Dimension And Space (Strokes Of Genius: The Best Of Drawing)

Synopsis

There is something almost magical about looking at a two-dimensional surface and experiencing a visceral sense of depth and dimension. In this 7th edition of the celebrated Strokes of Genius series, 120 of today's best artists share successful approaches to creating that wondrous illusion of space--from a tight, shallow place that reflects the emotional state of the model, to wide open vistas that seem to go on forever. Inside you'll find: 135 inspirational drawings in charcoal, pencil, pastel, colored pencil, pen and ink, scratchboard and more. An exciting diversity of styles and techniques, presented in subject-themed chapters: portraits, landscapes, animals, still lifes and figures. Practical artist-to-artist advice, insights and anecdotes you won't find anywhere else. Books on art theory put forth concepts like contrast, edges and perspective. Strokes of Genius brings those theories to life, showing how today's artists put them to work. Each drawing is a unique, real-world lesson on how to manipulate value, light, shadows, details and more to evoke a feeling of depth and invite the viewer in.

Customer Reviews

Rachel Rubin Wolf is a freelance editor and artist. She has edited and written many fine art books for North Light including Watercolor Secrets; the Splash: The Best of Watercolor series; the Strokes of Genius: Best of Drawing series; The Best of Wildlife Art (editions 1 and 2); The Best of Portrait Painting; Best of Flower Painting 2; The Acrylic Painter's Book of Styles and Techniques; Painting Ships, Shores and the Sea; and Painting the Many Moods of Light. She also has acquired

numerous fine art book projects for North Light Books and has contributed to magazines such as Fine Art Connoisseur and Wildlife Art.

Elegant work, but not much variety in drawing materials (mostly charcoal), nor in subject matter (mostly portraits and figures).

One of my favorite art books, the illustrations are beautiful !

beautiful art work on just about every page, the only reason I did not give it five stars was to many portrait pictures for my liking. but still put together nicely like the other books before it.

This entire series are most inspiring.

Love these books! I have them all and preordered the next one. Very inspirational for an artist!

The, Strokes of Genius, series are excellent. I highly recommend this series to all who are interested drawing.

Love the Strokes of Genius Books. I have purchased every publication. Very inspirational if you are an artist that likes to draw or work with colored pencils.

great way of learning from other artists and amazing to read how their thought process are so close to my own.
