# National Geographic Readers: Race Day!

## **Synopsis**

Ladies and gentlemen, start your engines! The driver zips up her jumpsuit and squeezes through her racecar window. Engines rev. Tires SCREECH and SQUEAL...and they're off! Around and around the cars go VVVRRRROMMM! Pit stops! CRASHES! POPPED tires! Race to the finish line...and the checkered flag SNAPS down. Race day roars into life in this breathless book. National Geographic supports K-12 educators with ELA Common Core Resources. Visit [www.natgeoed.org/commoncore](http://www.natgeoed.org/commoncore) for more information.

## **Book Information**

Lexile Measure: 0220 (What's this?)

Series: Readers

## **Customer Reviews**

Gail Tuchman has had a dual career as a publishing industry executive and a prolific writer of children's fiction and nonfiction. She has long been involved in early reading programs both as a publisher and an author, and has developed several of Scholastic's evergreen product lines for the educational market. Gail lives in New York City.

My 10yr.old friends son loved it

We read this story every night! My son has it memorized and I list to him reciting it to himself at night

while he is going to sleep. Very simple, very cute story or any little race fan!

Those cars look cool but there needs to be more words on the book and a little bit more pictures.

NO COMMENT.

This book is great. Race Day explains the essence of a race in a way that puts the child front and center in the action. The seemingly simplistic approach allows for the child to participate and be an active and engaged reader, rather than a passive listener. On top of the fun story, the information is accurate and the pictures are actual photographs from a U.S race. Also! The inside of the book's back cover has a great little hand-game with cute lyrics about the race track, which the kids can learn and then play amongst themselves or with a parent! It's a smart and entertaining way to reinforce and highlight the story.
