PreS-Gr 1 – Mr. Fish goes on an undersea adventure to reclaim Ms. Clam's lost pearl. Repeating his mantra, "I'm FAST as a sailfish, I'm STRONG as a shark, I'm SMART as a dolphin," he nervously admits, "But I'm SCARED OF THE DARK!" As he ventures through deeper and darker waters, his resolution falters: "I know I made a promise, But this fish is headin' back!" With the help of Miss Shimmer and Mr. Lantern, he not only conquers his fears, but also finds the missing pearl. The playful, rhyming verse is well matched with Hanna's funny cartoon illustrations. The whimsical sea creatures include a puffer fish reading Diesen's *The Pout-Pout Fish* (Farrar, 2008). A buoyant tale. Linda Ludke, London Public Library, Ontario, Canada

Great book! We love all the PPF books! My son just loves the illustrations in these books. I love the way these rhyme and I can really express the story when I'm reading it to my son. It is such a fun read! It really helps keep him interested. I love how this book teaches my son to be brave and never give up.

I didn't think this one was as good as the original at first but after a couple of readings We really like it. My 2 year old loves to find Ms. Shimmer through out the book. While it didn't flow as easy at first it really didn't take long to get into it. It's in our nightly reading pile and it's the one he likes to hold while we are reading the other 10 books.

Great book for my 16 month old. He ask for it by name in the morning by saying, "Pow Pow!" It has a smooth rhyming flow throughout the story and cute illustrations. It also has a positive message of working together and not letting your fear get the best of you. I highly recommend this book for little ones.

Deborah Diesen is a wonderful Children's Author....

our grandson loves it , worth the money

Really really fun to read which is important since we read these over and over. Cute message of team work and nice rhyme and rhythm to make it fun to read. highly recommend this and other

books in the pout pout series.

I'm sure this book doesn't need more positive reviews, but I have to comment to say how much my 2 year old adores it. We've had the original Pout Pout Fish book for many months now and it pales in comparison to how much my daughter loves this one. I think the hunt for the "yawn gone pearl" really speaks to her! It's clearly a personal preference on her part, but I love that the language is advanced, even for a toddler, and we have fun describing the animals and creatures we see on each page and defining the words used in the book. It's fun, quirky and well written. We've read it multiple times a day since we got it several weeks ago, and even though I'm totally sick of reading it (ha), she adores it. Good enough for me!

We are big fans of the Pout Pout Fish at our house and decided to add to our daughter's library with this new adventure. Not quite as catchy as the original, but still very cute and a great message in the end! The kids love the repetition and it makes for a fun reading experience. The artwork is perfect for the toddler set and it is fun to see the familiar friends through the pages. A great companion to the original Pout Pout Fish!
