But if you want this and MORE, go to iTunes store and download Job Sleuth for 49.99. Great search engine, has all the DOT info plus selected characteristics of occupations, and various options for transmitting the info. Greatest app, but not at the App Store, it's at iTunes store.

I have bought several of these volumes over the years and simply wore them out by looking up job titles in my work as a vocational rehabilitation counselor. This volume is in "like new" condition. It sits on the bookshelf in my office awaiting demise of the one that I still use. That one began life looking as good as the one recently purchased. Very happy with the service from and will purchase items from company again.

Excellent product and delivery

Was very pleased to receive this set of books within a few days of when I ordered it. It was not supposed to arrive until Nov. 22, but arrived the second week of November. Very pleased with the

service. The books, although used, were in outstanding condition
