Customer Reviews

Joanna Cole and Bruce Degen, the author and illustrator of the Magic School Bus books, have collaborated for twenty years, bringing humor and true kidlike curiosity to science and learning. Booklist heralded Ms. Frizzle as "the wackiest, wisest teacher in picture books." Two MSB titles have been named School Library Journal Best Books of the Year, and they have won countless

state book awards, from New York to Nebraska.

we love Magic School Bus, Ms. Frizzle and the class. We use MSB books, science kits, videos and lapbooks for our science curriculum and we are all learning SO much! Nothing like a little adventure to help us learn!

Fascinating for kids and adults alike!!

My son loves all the the Magic School nonfiction books, and this is a great addition to the collection!
