very inspirational but you can get all the same quotes on the internet was expecting something a little more than what i can get for free

i gave book to an educator at my school she enjoyed it

Makes a nice gift

Great book!

This book would make a great gift and should be in your personal library if you enjoy having readily available inspirational thoughts. Some are well-known but many are not, which makes the book particularly effective. The Internet has made misattribution commonplace, to the point that it is very difficult to know, with certainty, the source of many inspirational thoughts. Compared to most inspirational books, there are few of those issues in Great Inspirational Quotes. I just realized that if I had started reading one quote a day on January 1st, I'd be almost half way toward Happiness, Success and Motivation. Rats! Well, as Abraham Tsu once said, "Better late than not doing it at all." Seriously, the many other positive reviews are accurate: This is a very good collection and well worth purchasing for yourself and others.

Awesome book, with help hints with respect to how to use to maximize benefits! Loved it and so did the person to whom I sent it for a gift.

Werent any putstanding inspiring quotes :/

Quotes can make you laugh, ponder their wisdom, cry, think beyond our shallow thinking, uplift, comfort. I enjoy all these feelings when I come upon these thoughtful words.
