Many of these 23 poems are new, with a sprinkling from popular contemporaries like Jack Prelutsky, Lilian Moore, and X. J. Kennedy; the point of view is largely British, and what could be more appropriate for St. George's traditional antagonist? Whether the subject is a Doctor De Soto-style vet braving fiery jaws in a flame-proof suit, a "very tame" pet dragon that "only eats a few" of the children queued up to pat him, or a ghostly green emanation curled up in a castle courtyard, invisible to all but the young narrator, the mood here is light. Paul's illustrations have Tony Ross's wicked ebullience, with witty modern allusions, gruesome details, and the endearingly fierce protagonists limned in fine, energetic lines and artfully added color that recalls Henrik Drescher. A book with uproarious visual appeal, well matched to the comical, rhythmic verse. (Poetry/Picture book. 5-11) -- Copyright ©1992, Kirkus Associates, LP. I'm an adult but I collect children's books. Why? Because of books like this one. I love any collection of poetry of a theme, and this one is wonderful. I love poems, I love dragons, I love this book! I'm going to get several of them for Christmas gifts for both children and adults. The choice of poems is unbelievable. Who knew there were so many poems about dragons? And the illustrations are so cute, so funny, so amazing. The artist is some magical person who is a gift to our planet!

I bought this and the dinosaur poems for my 5 year old grand nephew and he loves them. His 6 year old brother likes them just as much
