Money Doesn't Grow On Trees: A Parent's Guide To Raising Financially Responsible Children

Synopsis

At a time when kids have more debt and temptation than ever comes a completely revised and updated edition of the #1 New York Times bestseller on teaching children aged three to twenty about money. Money Doesn't Grow on Trees is the audiobook that parents turn to when it comes to teaching their children about money. With 180,000 young adults between the ages of eighteen and twenty-four declaring bankruptcy last year and college students graduating with an average of \$28,000 in debt, Neale S. Godfrey is the definitive expert on the subject and her time-tested advice is more important than ever. Money Doesn't Grow on Trees offers exercises and concrete examples on everything from responsible budgeting to understanding the difference between "want" and "need" for children of every age. This revised edition includes entirely new sections that discuss the power of the internet; the tactics of television advertisers; the world of eBay. Godfrey's years of experience as a mother and a financial expert make Money Doesn't Grow on Trees an audiobook no responsible parent can afford to pass up.
