My daughter is 6 and in 1st grade. She LOVES reading Junie B. Jones books! If she's not reading them by herself, we read them together and they are cute and funny!

This was purchased as a teacher's gift for a teacher who has a library in her own classroom. This lady loved books so much that I thought her first grade class would enjoy having this in their collection. I purchased a few, tied them together and she was so grateful, considering she bought most of the books she owns herself. It was a win-win. My daughter got to read more, and she saved money! I did ask her which books she did NOT have but wanted. I didn't want duplicates and wanted her to have stuff off her wishlist. :)

My 8 year old loves these Junie B Jones books. We like to get the kids each a book for every holiday, and these are so cute!

I absolutely LOVE this author's Junie books! They are wonderfully fun for group reading in my kindergarten classroom, and later in my first grade classroom. The kids groan when the chapter is over and they have to wait until the next day to hear the next chapter. These books generate a lot of "teachable moments" and opportunities to talk about "What would you have done if you were that character?" or "What do you think about how that character is behaving or what they are doing." Junie B. is so funny. The author has a good sense of humor and I've never had a kid tell me they didn't enjoy a "Junie" book. I recommend this book and all the others in the series.

Love her books, been purchasing them for my just-turned-7 yr old granddaughter since kindergarten!

My daughter LOVES Junie B Jones books and this one did not disappoint! This is such a cute series and gets my beginner reader even more excited about reading. I highly recommend any of the Junie B Jones book series.

My grandchildren thoroughly enjoyed this cute, humorous story about a believably funny girl!

My daughter keeps asking for this book I got it for her Easter basket.
