Anna Dewdney (www.annadewdney.com) is the author and illustrator of the bestselling Llama Llama series. She lives in southern Vermont.

I bought this for 2 of my 2 year old grand kids. I was with one of them, who requested it every night at bed time, til we put it away after Easter because we adults wanted to read something else. It was cute and simple for this age group. It has nothing to do with the true meaning of Easter in case anyone wonders about that.

My daughter (3) loves the llama llama books. This one is small (not a full size book) and short (5 pages front and back, plus the inside of the front and back cover) This book would be better suited for kids younger than 3, it was a bit too short to interest my 3 year old.

If you're familiar with the Llama Llama series, then you know this book is an awesome addition to the collection. It's simple enough for the younger children to follow and incorporates some learning, as do the other books in the series. There is no religious aspect of Easter in it, just a heads up.

This is an adorable addition to the Llama Llama series of books for little ones. My almost two year old loves all of his Llama board books, and this is no exception. He's happy to see familiar faces from previous books (Nelly Gnu, Fuzzy Llama, etc.) in this Easter themed book.

My 7 month old loves all of the Llama Llama books. The story is simple and the pictures are bold and bright, which keeps her attention. I would say this is not my favorite story as compared to the other llama llama books, but it is still cute.

I love the Llama Llama books because of their cute rhyming stories. The illustrations are very cute and the hard page books are great for toddlers. My youngest grandson is only 5 months old and he already loves to look at books. Of course he wants to try and chew on them too, but the pages are so thick that even his little wet mouth on the pages doesn't ruin the book. I bought the Llama Llama Easter Egg book to put in his Easter basket. I plan to read the book over and over to him for years to come.

Anna Dewdney writes stories that are intriguing for small children, and grandma enjoys reading them to my grandchildren who will sit for an hour on my lap reading one after the other!

The full-length Llama Llama books are wonderful, but these holiday board books are disappointing. No story line, just a few pages of rhymes. Our two year old doesn't have much interest.
