Customer Reviews

Ms. Somerton is a VERY talented author, and this novella serves as a titillating guide to bringing close friends into the swinging lifestyle. In dialog with Lynda, Shawna explains--then demonstrates--what to expect emotionally when you and your spouse try the scary (yet thrilling) adventure of mate-sharing with others. Particularly well-done is Shawna's explanation about how swinging can bring a couple even closer to each other. Highly recommended, especially for couples curious about playing with other couples.

I was totally sucked into the story. I usually quickly remove these steamy books from my Kindle once I've read them, but this one I'll definitely keep on there for another read or two :)

First book I've read by the author, but I will definitely be looking to read more. Interesting characters for such a short story and she somehow kept the sex hot and interesting throughout. Wish it were longer!
