Twice Tackled

Synopsis

We're a two-man team, she's the goal, and we never lose a game. Kerril may be attending Texas's biggest football college, but I am not into sports. I'm here to learn and read books, not watch grown men hit each other over a stupid ball. Of course, that's before my chance encounter with the two biggest players on the team. They're rough, panty-meltingly gorgeous, and totally wrong for me. And I want them both. Tucker/Russ. Life's good at the top. Fame, fortune, woman - we've got it all, or at least, everyone tells us we do. But even if we can't place it, something's missing. And then we meet Kerri Larson. She's all wrong for us - smart, sassy, not into sports and not remotely interested in the guys who play. And that might be exactly what's so f*cking enticing about her. Maybe it's 'cause we love a good challenge, or maybe it's because we'd love to show her that everything really is bigger in Texas. The thing is, we're a two-man team on and off the field. Game on. "Twice Tackled" is a quick read (20k novella) involving hot, steamy insta-love with two utterly obsessed alpha heroes. If you love wildly over-the-top, slightly unrealistic, and panty-meltingly dirty stories, this one's for you! HEA mfm with NO CHEATING!

This was the first book I've read by this author but it won't be the last. I had so much fun reading this story, I'm going to check out her other books as soon as I finish this review! Tucker and Russ are the most sought after football players at their Texas university and are about to be drafted to the NFL. Kerri, our heroine is a shy book nerd who never goes out although her cheerleader roommate tries to get her to all the time. One night she succeeds and drags Kerri to a frat party. Tucker and Russ, at this same party, find 3 rival football players harassing Kerri and save her. The guys walk her home but it starts raining so they duck into the men's locker room. Things get mighty steamy between the 3 of them at that point. The sex is hot, dirty and kindle-melting!! Insta-love is fun in a story. It's exciting once in a while. This story contains some twists that I didn't expect and bit of surprise continued through the rest of the book! Will this triad get an HEA? What's in their future? You'll have to read the book to find out!!! I really enjoyed this Madison Faye book! I look forward to reading more of her work.

A sexually inexperienced nerd who has zero interest in football OR jocks finds herself accidentally (sort of) peeping on the 2 Captains of the college football team. Oh, did I not mention that they were in the shower at the time? Kerri wasn't a virgin but as she has only had 1 boyfriend it's quite safe to call her inexperienced and lacking in knowledge on the subject of sex. Of course she's sure these 2 Adonises aren't even aware she's alive. As she watches them shower and talk about a woman they want TOGETHER she sees their cocks get even larger than they were before. These jocks soft are bigger than her ex soft! As she watches them stroke themselves, she lets her own fingers do the walking from 20 feet away. She has never even fantasized about 2 men at once. She's never even been this turned on before. This is the first encounter of Kerri w Tucker and Russ. If you enjoy a trio manage filled with sexy encounters, panty melting moments, and HEA then this is a novel for you. These men have a protective streak a mile wide and when the young innocent lady they are drawn to is threatened...well we see what these jocks are capable of. Every book of Madison Faye's that have read, have made me laugh out loud, be embarrassed on our heroine's behalf and gotten a bit steamed up from the well written sex scenes in the book. They are fun, easy reads and I recommend them. I have been quite outspoken about the horrible editing done on her books. It's frustrating for the reader when we are totally engrossed in the book and then have to read a passage several times just to figure out what it's supposed to have said because either the grammar

is wrong, the words are misspelled or worse yet, the words put in the sentence are completely wrong. Case in point, there's a sex scene in this book where Kerri is involved with these 2 men and for the very first time one of the men is about to take her anally while the other man is already inside of her. The sentence should read "Kerri gasped" instead it reads "Kerri gassed". Now I ask you, doesn't that just change the whole feel of the scene? The editing wasn't as bad as they have been in all of the other books of hers I have read but for me it's still at an unacceptable level. So be forewarned the editing in her books is atrocious but her writing is really good. Enjoy, I did.

I received Twice Tackled as an arc in return for my honest review. I absolutely loved this book. Once I started reading I couldn't put it down. I fell in love with Russ, Tucker and Kerri's story. It was exciting and captivating. I promise you won't be able to put it down. Once again Madison Faye blows us away with her amazing writing talent. This is a must read and a must have. You will not be disappointed.

I have to say Madison Faye did a good job on this book . It has the good menage stories that are worth reading. I loved each one and couldn't put this book down till i finished it. Nice job.
