Customer Reviews

Well characters are introduced and it seems to take place before vol 8. It's in many ways so stressful because you just want to know what is gonna happen to the side characters and when will the main characters story line come back.

I absolutely love Sex Pistols/Love Pistols, so I'm little biased. But the fact that this volume takes a look into the relationships of other madararui. As well as more exploration into their world. I would have loved to have more of my favorite couple (Yonekuni/Shirou) but it's a good volume. It gives me ideas for fan fiction :)

I absolutely love this series! This volume sidetracks from Volume 8, so I'm guessing we have a little longer to wait to see what happens to Norio and Kunimasa (the cliffhanger of Volume 8 is still killing me). Thank you SuBLime for licensing this series and bringing it to U.S. fans

I was so surprised to a new volume out! I immediately had to buy it. There was less focus on the main couple (Kunimasa and Norio), but any new pairing introduced by the author can do no wrong in my eyes! The two new couples are so cute. I can't wait for volume 10!

Excellent book!! I absolutely love it!!

I don't like rating the book poorly because it's probably fine, but after skimming through there is no continuation of the last installment. I'm not interested enough to read this

I was expecting a continuation of the drama from Volume 8, but this takes off on a totally new angle with new characters.

So this author is torturing me now. I was really looking forward to some resolution on where volume 8 left off with Kunimasa and Nori but no it was not to be. I have to continue to wait. This one focuses on a two new couples and seems to take place before volume 8 when things were still good for Kuni and Nori. It is still a good read and I really want to know how the hot for teacher arch works out it that one is left in a cliff hanger too. When will I get some resolution with this growing list of couples with cliffhangers? The pain, ugh! But pain makes us stronger I'll just hang in there for another 2 years until the next volume comes out. Sob....sob
