## Customer Reviews

I bought it for my Grand Daughters . Trying to get them interested in learning the principles of marketing . Wanted them to learn how to trade foreign coins . A small product easily storable and easily shipped and no government regulations over this coin trading business .

Very disappointed, many countries absent (Sweden, Denmark, etc.) the only clear picture of a coin is on the cover, many pages devoted to listing professional dealers which are obtainable online.

Not worth the money. Has minimal information about a limited number of countries

did not have enough info

All was good

Little or no information available in this book wasted my money. I should return for refund

For my hubbie who works with coins. Really helps with the 'older' coins he finds.

great
