True Secrets Of Salt Lake City And The Great Salt Lake Revealed! (True Secrets Of...)

Synopsis

Salt Lake City is the home of the Church of Jesus Christ of Latter-day Saints, the beautiful Salt Lake Temple and is next to the second saltiest body of water in the world. But there is so much more to this amazing place. Did you know that the Salt Lake Temple was once hidden from an invading army? Or where you can find the mysterious "Joseph Smith Sphinx", who built it and why? Did you know that there is a racetrack made of pure salt where most of the world's land speed records have been set? Or why there are massive granite vaults built outside Salt Lake City in Little Cottonwood Canyon? These are just a few of the secrets carefully researched, photographed, indexed and revealed for your enjoyment. Not your typical travel guide, "True Secrets of Salt Lake City and The Great Salt Lake Revealed!" give you the fascinating facts and stories behind the host city of the 2002 Winter Olympics. Warning! This book is full of sarcasm. If you're looking for an in-depth exploration of historical trivia, this isn't your book. But if you want to know the fun stuff about strange happenings? Read on!

Customer Reviews

I got this just before going snowboarding with the grandkids. It was full of fun facts to share with the family. Good investment for me...

Not so much a travel item as an irreverent chat about the downside of the city.

I'm originally from Salt Lake and half the things in this book I didn't know about. After reading it, I made plans to visit some of them (like the sculpture in the middle of the dessert and the Joseph Smith Sphynx). I brought my family along and we all had a blast playing "tourist" seeing all these cool things right near home. If you're planning a trip to Salt Lake City, get this book along with a traditional "where should I stay and eat" travel guide. You'll use that to book the mundane stuff and this to discover what to explore. Just like the other True Secrets of books they have a great map on their website ([...]) with all the addresses of things found in the book.

I bought a copy of this book primarily as a challenge. I've lived in Utah all my life and thought there's nothing a guidebook can teach me. Boy was I wrong! I learned something and I had fun reading it. Something I think that's nice too is they put pictures of a lot of things they talk about. This is a really cool book.
