The American Heritage Dictionary Of Idioms, Second Edition

Synopsis

Senior moment. Think outside the box. Idioms like these can't be understood just from the words that make them up. The American Heritage® Dictionary of Idioms explores the meanings of idioms, including phrasal verbs such as kick back, proverbs such as too many cooks spoil the broth, interjections such as tough beans, and figures of speech such as elephant in the room. Since the publication of the first edition 15 years ago, author Christine Ammer has made extensive revisions that reflect new historical scholarship and changes in the English language. This second edition defines over 10,000 idiomatic expressions in greater detail than any other dictionary available today. English language learners will find this dictionary especially useful.

Book Information

Paperback: 512 pages

Publisher: Houghton Mifflin Harcourt; 2 edition (February 26, 2013)

Language: English

ISBN-10: 0547676581

ISBN-13: 978-0547676586

Product Dimensions: 6 x 1.1 x 9 inches

Shipping Weight: 1.4 pounds (View shipping rates and policies)

Average Customer Review: 4.1 out of 5 stars 40 customer reviews

Customer Reviews

Christine Ammer is the author of more than three dozen reference books, on subjects ranging from classical music to women's health. Her books on words and phrases include Facts on File Dictionary of Cliches; Seeing Red or Tickled Pink; Fighting Words from War, Rebellion, and Other Combative Capers; Southpaws and Sunday Punches; Cool Cats and Top Dogs; and Fruitcakes and Couch Potatoes. She lives in Lexington, Massachusetts.

The Kindle version is completely useless. It cannot be set as a Kindle dictionary, so it is impossible to search it from within another book. Opening the "dictionary" as a book in its own right on the Kindle also does not seem to allow for internal searching. Therefore, to find anything in it, you would have to manually navigate to the entry, and, if you have an actual Kindle device, you would know

how incredibly difficult, time-consuming, and frustrating that would be. I feel cheated.f

This book was exactly what I was looking for. I write historical fiction and when characters use idioms in their dialog, I want to make sure the idioms are appropriate to the time period. Lots of books tell you what the idiom means, but this one adds the approximate time the figure of speech came in to general usage. Also, the book is well designed, easy to use, and sturdy, too.

Surprising how much we use this when discussing old phrases for things. We may be old, but we can't usually remember what common sayings came from --- it's fun to find out.

Seems fairly comprehensive ... however, I've yet to find anything in it that I wasn't already aware of.

excellent product. thank you

Good for learning spoken English. Fast delivery.

very helpful dictionary for my teaching

An exhaustive collection of idioms.
