Road Racer: It's In My Blood

Synopsis

Michael Dunlop is quite simply the greatest road racer on the planet. Brother of the terrific rider William, son of the late Robert, and nephew of the late great Joey Dunlop, racing is in his blood. Now for the first time he has agreed to talk in depth about his family story, how he got involved in "the family business," and how he manages to keep getting back on his bike despite all he knows of the deadly risks he encounters every time he crosses the start line. The death of his uncle during a competition in Estonia in 2000 was followed just eight years later by the death of his father at the North West 200. But despite these tragic losses Michael was undeterred and in 2008, months after his father's death, he went on to compete in the Senior TT, where he recorded the fastest lap and finished 10th overall. The next year Michael returned and won the event, joining both his father and uncle in the record books. With 13 TT wins to his name, Michael is a phenomenal competitor, and in this sensational autobiography he reveals the highs and lows of racing, what it was like growing up part of a motorcycle dynasty, and how that made him the incredible racing driver he is today.

Customer Reviews

Michael Dunlop is a Northern Irish professional motorcycle racer and part of a motorcycle racing dynasty. He is the brother of William, son of the late Robert and nephew of former World Champion, the late Joey Dunlop. He made his TT debut in 2007 and is now the current solo-machine lap record holder for the Snaefell Mountain Course.

This firsthand account is the absolute best I've ever read. Straight from the heart, no punches pulled, as real as it gets. I thoroughly enjoyed this book from cover to cover. Michael Dunlop has won yet another race with this personal account of a sometimes tragic, sometimes triumphant story of life on the edge. I hope that others will give this a read and that they will enjoy it as much as I have.

Read the book about Joey, then Robert, Then this book .Interesting how they all meshed. Very well written, as were the others. Michael's brashness and arrogance are on every page, but he has to be admired for his incredible skills. OK William, its your turn!

Enjoyed a look at the maddest sport on the globe from the inside. He's not perfect with his helmet off, but nearly so when the lid drops....

I enjoyed this read and got through it too quickly. The Dunlop family in this story have an amazing history of successful road race bikers. Down to earth and worthwhile.

This book is the perfect blend of racing stories and personal life. I only wish it were longer.

The facts in this book are very good if you are interested in bike racing in Ireland but Michael Dunlop is a pompous know all and becomes very tedious. I had to leave this book alone for a few days on more than one occasion.

Loved this book so much. Well written, humorous and fascinating. A+

It's a great read for anyone who's into road racing. Michael speaks from the heart and tells it like it is. Highly recommended.
