Anansi's Narrow Waist (Let Me Read)

My daughters (ages 4.5 and 2) had the extreme joy of seeing Len Cabral tell this story in person this past summer. This book is a great follow-up for us, and my oldest loves to sound out the words.

I bought these books years ago for my daughter (now 21) to share with her some of the stories I grew up with as a child in Jamaica. She still has them and she hopes to share them with her children some dayThanks

helpful. good quality with low price. for my best friend, Awesome product! Works perfectly for leveling and trimming cakes! fast .

This book was such a delight to read to my first grade class. They enjoyed the humorous tale of why spiders have narrow waists. The repetitive story captured and held their attention. A must read for

all first graders.
