Silver Tongue: A Novel In The Nate Temple Supernatural Thriller Series (The Temple Chronicles Book 4)

Synopsis

My resume is pretty full: I've cow-tipped the Minotaur, decimated a gang of weredragons, sucker-punched an Angel, and eaten pancakes with the Four Horsemen of the Apocalypse. I've kidnapped one of the most powerful wizards on the planet, and slaughtered the Brothers Grimm. I'm kind of a big deal. But I never thought I'd find myself at a crossroads, a pawn in a deadly game that I hadn't known existed, willing to sell my soul to save the life of someone I loved. That's when I learned true fear, because the world I thought I knew was all just smoke and mirrors, and I was just a puppy playing amongst wolves. Silver Tongue... The nightmare everyone both knew, and didn't know... If you like Jim Butcher, Kevin Hearne, or Patrick Rothfuss, you will LOVE the fifth installment of The Bestselling Nate Temple Supernatural Thriller series. Click or tap BUY NOW to jump into the deathly hilarious adventure TODAY!

INTERVIEW WITH THE AUTHOR:

Q: So, what makes the Nate Temple series special?

A: I wanted to write a series of stories that mirrored the books I liked to read in my childhood. My top picks were usually urban fantasy, paranormal best sellers, and of course, books featuring your classic gritty, pulp-fiction heroes. Basically, anything with a lot of creepy crawly supernatural characters: mythical creatures, ancient heroes, super villains, and gods. You will find that my stories focus on the ancient myths, characters, and stories we all know, fear, and love. Then twist them up and toss them back like an empty beer can.

Q: What order should I read the books in?

A: I've written the series with the intent that they should be read in order to get the full effect of the bigger picture; however the stories can be read in any order if you are looking for a quick, fast-paced romp through Adrenaline-ville. I suggest the following sequence: Obsidian Son, Blood Debts, Fairy Tale, Prequel (FREE to email subscribers), Grimm, Silver Tongue, Beast Master.

Q: So, why should readers give these books a try?

A: Because the Nate Temple series is a present day thrill-ride that takes no prisoners. Dragons, Angels, Demons, Greek Legends, Wizards, werewolves, and a whole slew of other supernatural freaks abound in my stories. Obsidian Son has hit the top ten bestsellers list on Kindle for Urban Fantasy and Paranormal. The plot twists and turns until the last page, and my twisted sense of humor will have you laughing out loud at things you really shouldn't be laughing at. I mean, the first chapter in the series depicts the legendary, murderous Minotaur as a reformed Buddhist, and Nate cowtips him. Come on!

Nate Temple Supernatural Thriller eBook categories: Dark Fantasy, Magical Realism, Supernatural Thriller, Witches & Wizards, Urban Fantasy Thriller, Supernatural Shifter, Angels & Demons, Science Fiction & Fantasy, Paranormal and Urban Romance, Supernatural Mystery and Suspense, Vampires and Werewolves.

Customer Reviews

Mr. Silvers has really done it this time. What a fantastic combination of characters, both new to the series and old, from myth and legend all rolling into an action-packed tale, this time about the consequences of making a deal with the wrong person and ultimately paying the price. As usual I couldn't figure out what was going on with all the twisting and turning but Mr. Silvers has a masterful way of weaving his web and bringing everything back to a resounding conclusion. In this installment, Nate is now a Maker (once a Wizard) and is trying to figure out his new abilities. At the same time, his fiancée is now a Grimm which brings about its own set of challenges. This is only part of the story though as Nate has to make a deal with Silver Tongue, the new baddie in town, which leads to several surprising revelations and ultimately a stunning conclusion. As usual the action-packed journey is resplendent with liberal doses of snark and

humor. The stories keep getting better and better as the characters continue to develop and grow. I highly recommend.

Shayne Silvers offers us up another masterpiece! Nate Temple was once a wizard but is now a Maker. He is just beginning how to understand and use his new abilities. The love of his life, Indie, is now a Grimm and totally out of control. She can turn into just about any beast that she encounters. The story involves 3 immortals, as well as Nate all looking for a very important book. The immortals swear Nate has it and demand he give it up, while he knows he doesn't have it and tries to avoid being killed by Baba, Van and the Huntress. Within the story I noticed a familiar situation similar to another well known authors main character. Nate, in a round about way, is forced to "sell his soul to the devil" to save Indie from an unknown illness that will surely kill her. Even still the pace of the store is great. All sorts of nasties trying to do harm while Nate and his buddies try to wiggle their way out of harms way. Great fight scenes and wonderful thought provoking decisions by Nate to make the holder of the book to come forth. A new family member is introduced at the end of the story, so we will see if he can help Indie and Nate get a grip on their new abilities. I highly recommend The Nate Temple Series! - Kathy Barber Doyle - 2/5/2017

Another terrific submission from Shayne Silvers. Nathan Temple once again finds himself going toe to toe with an overwhelmingly powerful enemy who out thinks and out maneuvers him at every turn. Who is this powerful enemy..? Why, Silver Tongue of course. So who's Silver Tongue...? That had me guessing all the way and when I found out...I just loved it. And then by gosh...another surprise character shows up...well now...! Now I'm eagerly awaiting the next book.(Mar 2017..or so I hear) The book is loaded with snark.All of them are. It helped me to read the series in sequence. The plot line and characters become more relevant to the story as each of them brings their own brand of power, magic and sorcery to the story. I strongly urge you to start with Obsidian Son. You'll be delighted as Silvers blends various deities, mythological creatures and the modern world into a page turning read. If Urban Fantasy together with action and humor are your forte...you're in for a really good time. Best started in the early evening after dinner, with your choice of sipping beverage and before a couple of days off with not much to do...enjoy.

Vampires and Werewolves and Ogres, Oh My! If you get into a good and freaky supernatural paranormal story where the characters are never sure what's going to happen next then "Silver Tongue" is the newest book in the "Nate

Temple Series. It will be right up your alley. Who else could walk into a bar with a Vampire and a Werewolf only to sit down and share drinks with Achilles and the Minotaur and then encounter Van Helsing hanging out in the Mens restroom. There's really never a dull moment with the magic "Maker" Nate Temple around, not to mention his sidekicks like the Hunky ex-FBI werewolf, Gunner, who is now the new Alpha of the St. Louis Pack, Nate's new manager of Plato's Cave, Alucard, who happens to be a Vampire with serious religious issues, and his heart throb Indie, who becomes a notorious Grimm skin walker with out of control powers. All those along with many other Monsters coming out of the woodwork equal mayhem and madness with a splash of sarcasm and laughter on the side. In my opinion Shayne Silver's talent for bringing the paranormal powers of Nate Temple's supernatural community to life Rocks Big Time and I give it a TEN !

A very good book five continuation of the urban fantasy Nate Temple series. There is a big cast of interesting characters from myths. Many have been carried over from the previous books with a few new characters added. The characterization of these mythical characters makes them not just interesting with their unique histories and magical talents but also believable which is on the top of the list of a good story requirements for fantasy reader's. As in the previous books, the story is fast paced with lots of action and there are many seeming unsolvable problems for Nate to solve using his wits and magic muscle and magical friends, some of whom are having problems with new unique magical skills, Nate included. At the end of the book I did not hesitate getting the next and most current to date book in the series, Beast Master.
