cute book

Okay, I admit it. I don't speak Spanish very well. So when I want to read to my granddaughter, who does, I am excited to have a little help in the form of a cute board book. This one is lovely, and makes my granddaughter "bien contento". The pictures are light-hearted and appealing. If you buy this, expect to read/sing it many, many times!

This is a simple book but my baby loves it even at 8 mo. We can sing and look at pictures together.

Easy read and fun to do. I like that there are a variety of ethnicities represented in the drawings.

No se canta bien, pero si es Bueno leer.

Excellent choice for a toddler book

Not really a book, suggest skipping this purchase

The Spanish version is not that great

Great book for young children and a wonderful learning tool. My grand-daughter is eight months old and already understands both languages. These books will help her start reading in both languages as well. The nursery rhyme aspect of these books are awesome as well.
