Qualitative Research & Evaluation Methods: Integrating Theory And Practice

Synopsis

Drawing on more than 40 years of experience conducting applied social science research and program evaluation, author Michael Quinn Patton has crafted the most comprehensive and systematic book on qualitative research and evaluation methods, inquiry frameworks, and analysis options available today. Now offering more balance between applied research and evaluation, this Fourth Edition of *Qualitative Research & Evaluation Methods* illuminates all aspects of qualitative inquiry through new examples, stories, and cartoons; more than a hundred new summarizing and synthesizing exhibits; and a wide range of new highlight sections/sidebars that elaborate on important and emergent issues. For the first time, full case studies are included to illustrate extended research and evaluation examples. In addition, each chapter features an extended "rumination," written in a voice and style more emphatic and engaging than traditional textbook style, about a core issue of persistent debate and controversy.

Customer Reviews

"The content itself, based in years of thinking, reading, doing, conversing, is a huge strength. Reading the chapters is like sitting at the feet of one of the masters." --Kathleen A. Bolland, The University of Alabama
"Very thoughtful and thorough coverage of qualitative design and study."--Kari O'Grady Ph.D, Loyola University Maryland
"The content itself, based in years of thinking, reading, doing, conversing, is a huge strength. Reading the chapters is like sitting at the feet of one of the masters." --Kathleen A. Bolland, The University of Alabama
"I can't emphasize enough the quality, detail, and depth of the presentation of research design and methods... Students and experienced researchers will appreciate the depth of presentation of potential qualitative paradigms, theoretical orientations and frameworks as well as special methodological applications that are often not covered in other qualitative texts."

"Very thoughtful and thorough coverage of qualitative design and study." (Kari O'Grady Ph.D, Loyola University Maryland)
"The content itself, based in years of thinking, reading, doing, conversing, is a huge strength. Reading the chapters is like sitting at the feet of one of the masters." (Kathleen A. Bolland, The University of Alabama)
"I can't emphasize enough the quality, detail, and depth of the presentation of research design and methods... Students and experienced researchers will appreciate the depth of presentation of potential qualitative paradigms, theoretical orientations and frameworks as well as special methodological applications that are often not covered in other qualitative texts." (Susan S. Manning, University of

Denver)"It is refreshing to see a text that engages the multiple philosophical and historical trajectories within a qualitative research tradition while integrating this discussion so well with the practice of research design, fieldwork strategies, and data analysis." (Michael P. O'Malley, Texas State University)
