# The Researchers Library Of Ancient Texts: Volume One -- The Apocrypha: Includes The Books Of Enoch, Jasher, And Jubilees

## Synopsis

The Bible, as we hold it today, is esteemed by many religious institutions and especially Conservative Christians to be the inspired, inerrant Word of God. This doctrinal position affirms that the Bible is unlike all other books or collections of works in that it is free of error due to having been given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works (2 Tim. 3:16, 17). While no other text can claim this same unique authority, Apocryphal and Pseudepigraphal literature such as contained in this volume of The Researchers Library of Ancient Texts (Volume One The Apocrypha: Includes the Books of Enoch, Jasher, and Jubilees), provides literature that often precedes or follows the chronology of biblical texts, which frequently are used or assigned as supplemental works within academic settings to help students and scholars discover or better understand cultural and historical context within the Word of God. Whether or not the information contained in the apocryphal literature is entirely precise as is the canon of Scripture these ancient texts provide commentators valuable insight into what many ancient Jews and early Christians believed when, God, who at sundry times and in divers manners spake in time past unto the fathers by the prophets (Heb. 1:1). The Researchers Library of Ancient Texts is therefore intended to be a supplemental resource for assisting serious researchers and students in the study of the Bible and Bible times. Contained in this volume: The Book of Enoch, The Book of Jasher, The Book of Jubilees, 1 Esdras, 2 Esdras, 1 Maccabees, 2 Maccabees, Tobias, Judith, Wisdom, Sirach, Baruch, Susanna, Prayer of Azariah, Prayer of Manasseh, Bel and the Dragon, and Laodiceans.

## Book Information

Paperback: 584 pages

Publisher: Defender (November 25, 2011)

Language: English

ISBN-10: 0983621691

ISBN-13: 978-0983621690

## Customer Reviews

Thomas Horn is CEO of Defender Publishing.

I recently purchased this book to get more historical perspective on the bible. I have only read two books listed in this column so far, Enoch and Jasher. I have not been bored and am very thankful I have this book. The print is a little small for me as I am older, but that does not stop me from reading it.

If you need to really follow along with the scriptures, this book is an excellent resource to help you do that. It brings things into perspective as well as provides more information. Even though it is not considered authorized cannon, it is still a good source of history and reference. You cannot go wrong with extra history material to study with alongside of the scriptures.

Great volume. It was what I expected and am happy to find these texts compiled in the same book. If there is a drawback it is that the book is big, heavy and not the kind of book you can bring along and comfortably read in the waiting room at a doctors office. However that was not the intention of this book. It is a 'Researchers Text' and serves it purpose well. I do like the larger print, it goes along with my larger print Bible. :) I also agree that it would have been nice to have the restoration the tetragrammaton included, but I guess perfection will have to wait for Messiah's return. My thanks go out to Tom Horn for compiling these.

By Thomas Horn books are great for researchers / studying. Got these for my husband. He loves them. when buying the set of 3 or 4 is the best deals. Also The Book Of Jasher. lots of history information

Tom Horn recommended this book and I've learned so much from it. It was originally part of the Bible and taken out, but if you're a student of the Word, you will appreciate what these scriptures have to offer and how they tie so much of the word together. The Book of Enoch is quoted by Jude and so much pertinent information that will tie Genesis and Revelation together and with statements that Christ makes about the times of Noah.

I thought this was going to have commentary discussing the books within it. In fact, all it contains are the books and nothing else.

Good content coverage overall but lacking in a few basic necessities, such as book and chapter name and paragraph or section number in the headers or footers on the individual pages and an index. Lacking such niceties makes finding things significantly more tedious.

My study and worship have been greatly enhanced by the access to these materials. Those that journey forth, I ask you to explore exactly why you think these books were INTENTIONALLY left out of the canon..
