Customer Reviews

Received this cute box as gift. Box contains one book with patterns and instructions for making eight different gnomes. The two stars earned are for the book only, which is of fine quality. The missing three stars are for the five small pieces of felt, one of three REQUIRED thread colors, and copious amounts of air in the box. To make just one small gnome I must take a trip to the craft store to buy more embroidery floss and stuffing, not to mention scissors, a needle, and glue if I didn't already have them. The missing items might've cost the company another 25 cents to include. This is clearly false advertising as the box says, "Includes felt and thread to make one mischievous Ninja gnome". This company clearly knows a lot about being mischievous.

DO NOT BUY This kit does not contain enough material to create a single Gnome. not enough felt is provided to cut the pieces out. As another reviewer has mentioned you need to provide most things yourself, including: Needle thread glue stuffing pins scissors (although this one I accept we should have) the templates are all crowded onto a single A5 page by overlapping the parts, forcing you to

trace them all out or photocopy the page several times over. There is no mention on the box of requiring any extra items, despite implying everything you need is included..... IT IS NOT.

This is the biggest rip-off ever. It is a box with a thin how to book and 5 tiny bits of felt that make none of the gnomes in the book. Not even worth \$3.99, originally priced at 17 euros! Shame on seller/producer for this product.
