The Attack On U.S. Marines In Lebanon On October 23, 1983 (Terrorist Attacks)

Synopsis

Twelve Important Titles Detailing Some of the Most Horrifying Terrorist Attacks Around the World

Terrorism hit home for most Americans on September 11, 2001, but teens may be surprised to learn that acts of terrorism have ravaged the world for years. This dramatic series reports the details of several of modern history's most horrifying terrorist acts, and includes current theories on why individuals or groups resort to terrorism. Each book describes a terrorist act in full detail, and contains information on post-attack investigations and trials and the attack's effect on history. Late in 1983, a truck loaded with tons of dynamite was driven into military barracks where U.S. Marines, who were part of an international peacekeeping force in Beirut, lay sleeping. Olson tells the story of this terrorist attack by laying out in detail the complex history of the Middle East and the conflicts of the people who occupy it. Readers will begin to gain insight into why terrorists resort to such violence, and also why Americans and the United States are often targets for terrorism.

Book Information

Series: Terrorist Attacks

Library Binding: 64 pages

Publisher: Rosen Publishing Group; 1 edition (January 1, 2003)

Language: English

Customer Reviews

not bad. i was there and no book or moive will ever tell the whole story or talk about the hundreds of men who worked to clean up Reagan's mess. it should have never happened.
