Best book I was forced to buy for school ever. It's well written and a lot to learn from. I read chapters that weren't even required. I used this book to open a series LLC and rewritten a few contracts. Good stuff!

Highly Recommended!

The book itself is what I needed but I order it in New condition, and the copy I received is clearly used and not in decent condition. It is practically falling apart, if you order a new book it should actually be new.

An excellent introduction to business law; great for university classes. As a student, text had cases that clearly illustrated points in business law for me. I learned a lot from this text.

This is a great book! I never thought I would have fun and be interested in reading this book. Its amazing of all the laws I was not aware of, if you are renting it for a class good.. but consider buying it since its very helpful if you are thinking about opening up your own business, if you are an entrepreneur, etc. its amazing! highly recommend it.

Perfect.

I loved the class that went along with this textbook. This textbook was easy to read and very easy to understand. I absolutely recommend this book to any business law students even if its not the textbook needed for the class.
