I use this cookbook constantly. Loving Mexican food I find this to be very authentic in flavor. My very "fav" is the recipe for Green Chilli Chicken Enchilladas. I shared this recipe with a professional cook and it is now on the menu at a large senior facility and requested often. It is easy to find ingredients and recipes easy to prepare. I actually had to replace mine as my first one seemed to "take a walk" from my kitchen.

Lots of interesting recipes - many that I would not have thought of. I am learning a new way of eating before my move to Mexico, so this book was a great help!

This is a wonderful cookbook. Originally purchased it for a gift and am keeping it for myself and ordering more...Easy to read and understand and preparation time is short...recipes everyone likes..Great for teens, beginning cooks, and senior citizens like myself trying to find ways to use leftovers and great for creating interesting meals...

Difficult to buy authentic books in UK and the books I have bought in US I have difficulty getting some ingredients. I picked this book up in Bookshop in St Andrew's Scotland and have been looking for copies for years. I am very grateful to have found it on the Net and through I will buy 2 more copies as presents Great little book.
