Wicca Starter Kit: Wicca For Beginners, Finding Your Path, And Living A Magical Life

Synopsis

Although it is estimated that there are over a million practicing Wiccans around the world today, Wicca is one of the world's few religions that is more likely to be studied entirely on one's own than through in-person guidance. Depending on where you live, you might be able to find a coven or circle where you can meet fellow Wiccans and ask questions, but most newcomers to Wicca find themselves traveling solo. Luckily, there is no shortage of information about the "Old Religion" in print and online. Yet with all of the diverse and often conflicting perspectives out there, it can be hard to know where to begin. That's why best-selling author Lisa Chamberlain created the Wicca Starter Kit, bringing together three of her most popular titles - Wicca for Beginners, Finding Your Path, and Living a Magical Life - to get your journey well underway. Embarking on a new spiritual path is exciting, but it can also be overwhelming. The Wicca Starter Kit is a unique and comprehensive collection of books designed to welcome you to the Wiccan world and encourage you on your journey. Blessed be!

Customer Reviews

Great start for the Wiccan library. Lisa has put it together in a very pleasing manner.

Clear & concise, very engaging yet very easy read. Would definitely recommend to anyone wishing to learn more about the Craft.

This author is amazing !!

I am really enjoying these books, and sincerely appreciate the broad overview and inclusive standpoint of the author. I also am very happy with the little bonus book! I definitely recommend this to anyone just starting out with learning about Wicca, as it is a pretty light read. It is a very good introductory set of books. My only negative note would be that the overview says that book one is Candle Magic, when this book is not included in the set.

This is definitely worthy of 5 stars. The amount on information and explanation she provided is fantastic. You get almost a feeling of encouragement as you read which is so nice to someone new to this path!

It was interesting to read about others who are apart of different religions. Now I understand what some people I grew up with were talking about.

Awesome book I learned a lot from this author

These books are impartial, accepting, and informative. There isn't much here that I hadn't already learned, but much of the information is presented in a new, refreshing way.
