We were in Nova Scotia for only a few days stopping in ports to take tours. Because our time was limited and I wanted to have focus for each port, this little book was a great help. It is not as full of detail as some other books but was perfect for day tripping. The other thing that I liked was that I could use it after the trip as I created my scrap book pages. A very good book at a great price.

Comprehensive, well organized travel guide that provides detailed itineraries based on the amount of time the traveler plans to visit. Extremely portable and user friendly. I used it to plan a two week visit to Nova Scotia & Newfoundland this summer.

Good and large!

Looks like it will be a big help for our future city

Very concise guidebook to maximize time in Nova Scotia and get the most from whatever number of days you have. Lots of great ideas and suggestions as well as maps - easy to follow and small enough to carry along.
