Customer Reviews

I am absolutely Hooked on this Series! I purchase each one as it is available. Love Kit! LOVE the FAMILY. It is awesome and heart warming to see the benefits of a family that can work together to benefit their children, grand children and great greats regardless of differences! What we do today, does impact their future. Make sure you leave a future legacy of LIGHT!

What a fascinating story line and though the romance part has predictable twists and turns, you just have to keep reading to find out what's next. I won't bother telling you the story line since you can read that elsewhere, but I would highly recommend this book! Thanks for putting in real life drama as well, but I wouldn't mind if you didn't focus so much on rich, beautiful women. I can't wait for the next book Katherine. Please hurry!

The Last MacKlenna was the first Celtic Brooch Series book I read. Suffice to say, I am now on my 6th book in 3 weeks. The whole premise of the Brooch Series by Ms. Lowry Logan is just that - Where, When, and with WHOM! Exciting, fantastical and a whole lot of history. If you read one story in the series, you'll want to read them all.

Loved the series. Towards the end the sexual part was silly and too over the top to even imagine as real, not needed, extra fluff.

I had just finished the prequel to this book - The Ruby Brooch and loved the time travel twist as it covered one of my favorite eras. This book is not dependent upon that book however, The Last MacKlenna is mostly a romance with some fun and mystery thrown in along with a good sense of the impact breast cancer can have in a woman's life. It also involves travel and a jet setting world view of jaunting from Scotland to Napa Valley to Lexington, Kentucky. There is no time travel but there is murder and ghosts and love and humor and sex and cancer and a little bit of wine making and horse racing. It was a fun read although I still love the Ruby Brooch more.

I enjoyed this book as much as the first. Katherine Lowery Logan, through her writing, brings the characters to life. It was a very good book.

The only thing I enjoyed more than this book was when I got the audio version . I can't wait to continue the series!

Loved the continuation of the series. A bit confusing as it would've been nice having this one first. Maybe. The author still does a good job of blending it in. There's no time travel in this book.
