Doesn't cover enough history- stops at the beginning of reconstruction- but the features like the constitution with explanations and the president pages are nice.

This is a great book to use with struggling readers. The main concepts are covered in an easy to read format.

it was required from teacherthis book is goodit helps me a lotI'll recommend to my friendsI love it

Good synthesis of history for ELL learners. Needs supplements when used in the classroom.

An excellent book for ESL students because it has lots of pictures, graphs, and less difficult reading than most high school history books.

I paid for a new book, but the book I received doesn't look new at all. Yes, there is no marking inside of the book, but the cover has this worn look. Besides, there is something in the back of the book, like a sticker mark. I'm disappointed!

Very nice condition. Thank you

The quality is worst I expected.
