The Brothers Grimm: Illuminated Fairy Tales, Vol. 1 [Kindle In Motion]

Synopsis

From "Rapunzel" to "Hansel and Gretel," Grimm's Fairy Tales have enchanted readers for generations. This dramatic Kindle in Motion edition presents seven classic stories—each restored to its original version and reimagined with modern digital illustrations. Each tale is lovingly portrayed by a different artist: Kali Ciesemier's vibrant colors animate the thorny path of "Briar Rose." The sinister course of "Hansel and Gretel" takes a twist in the candy hues of Peter Diamond. Daniel Krall's richly detailed line work shines amid the wickedly dark "The Juniper-Tree." Nicolas Rix's charming storybook style delights in "The Frog-Prince or Iron Henry." Ashley Mackenzie's golden tones light up the ball in "Cinderella." Horses, ducks, and birds turn macabre in Wesley Allsbrook's wildly gestural portrayal of "The White Snake." And Rapunzel lets down her hair in Rovina Cai's hauntingly beautiful drawings. Experience the iconic classics you know and love, lavishly illustrated to breathe new life into age-old tales.

Customer Reviews

I love that the pictures in this move! I am an adult and even I love this book. I recommend giving this one a try

I really loved the intro to Kindle in Motion, this is a perfect book to start it with. I added the Kindle version with the Audiobook and it brought the book to life. This book would be great for little kids and introducing them to The Brother Grimm Fairytales!

This reminds me of a large bound book of fairy tales I was given as a child, revisiting them was a pleasure. Be warned - though the forest birds and animals can help our heroines, and many of the stories have songs written within, these are not Disney tales. Traditional fairy tales are, well, grim. Cinderella's sisters cut their feet to fit into the golden (yes, golden, not crystal) slipper, Hansel & Gretel push the witch into an oven to burn alive, no tale with a stepmother has a happy middle, but there are happily ever afters. (As long as you're not the aforementioned stepsister, stepmother, or witch.) The illustrations are lovely! I appreciate that each tale has a different tone to it, each gracefully elegant yet unique.

I had never before read the original versions of these famous fairy tales - yikes! No one in their right mind would read them to children - they are the stuff of which nightmares are made. The illustrations are fantastic though! After the first few stories made my blood run cold, I just paged through the rest of the book and admired the pictures. Very talented artists!

I enjoyed reading Classic fairytales, however I really enjoyed the art work in this book. My favorite story has always been Hansel and Gretel. Never understood why that one was always my favorite. Haha
