Alien Lover (Zerconian Warriors Book 2)

Synopsis

Being newly mated to an arrogant, bossy alien can certainly be trying at times. Luckily for Zoey, Dex also happens to be the sexiest thing on two legs she's ever met. He's loyal, protective and boy, the things that alien can do with his hands, his mouth, his tongue—well, you get the idea. They should have been on their way to Zerconia in blissful happiness, to celebrate their mating. But somehow, things never seem to go to plan. Some of Dex's warriors have gone missing. While he attempts to track them down, Zoey is busy just trying to keep herself out of trouble. Easier than it sounds. And really, she isn't trying that hard. Please note: Alien Lover is part of a series which would be better enjoyed if you read Alien Warrior first.

Customer Reviews

I wasn't a big fan of the first book in the series & didn't remember I'd read it initially. I enjoyed the Zerconian Warrior 2, 3 & 4 a bit more than the first one. One of my favorite secondary characters was Boris. I did find him entertaining. There are aspects of the stories that could have been richer - or a bit different - instead of Zoey simply being a smart-aleck, perhaps a bit of self-defense class

moves? I hope the author keeps trying to fine-tune her craft. Ms. Carter's got talent but the tension between characters is not layered. I didn't feel sucked into the world or the characters - more slapped with the dialogue.

Excellent story, great characters and superb writing from Miss Carter. Zoey is still amazingly funny & I love that she's take action type of heroine. Dex is still the alpha male who wants to love & especially protect Zoey despite her best efforts. I really love Giz, introduced near the end of the first book, Alien Warrior. The newest character Boris introduced in Alien Lover was added bonus. I am hoping by the third book Alien Mate, Miss Carter will explain the origins of both these characters. After an attack by a race called the Coizils, some of Dex's warriors were imprisoned or enslaved when their escape shuttles landed in non friendly territory. Searching for these missing warriors brings the story to the planet Musin. During a shopping trip on the planet Zoey is accosted by troll and ends up, to Dex's horror, buying a sex slave! Alien Lover is funny, exciting and very sweet. The intimate scenes between Dex and Zoey are HOT! So many questions for the next book due out in December: what is Giz? what is Bishop's story? and will Dex's parents accept Zoey? I am looking forward to Alien Mate and more stories of other Zerconian warriors like Macon, Koran and Thor.

What a wonderful book. The author did an amazing job of creating this book. Just the right amount of strife, love and misunderstandings. I would recommend this book to anyone who enjoys hunky warriors and nutty damsels in distress.

o my Zoey is the kind of gal who gets into trouble not consiously it just happens, Dax has his hands full trying to keep her alive adn find his missing warriors

Very happy with book 2 was just a page turner and amazing as book 1. Zoey is risk taker and will turn that world upside-down.

Second book continues this wonderfully enjoyable series as our two main characters learn more about each other and during dealing with betrayals and rescuing finding their own bond between them completing their joining. Can't wait for the next addition to bring their story to be an awesome conclusion. I hope that some of the wonderful supporting characters get their own special storyline with this wonderfully written series. I recommend you check it out for yourself and enjoy the

series!!

I took a chance on this series and I am so glad I did ! Can't wait to read more of this series also I hope the other warrior's in this book get HEA especially Boris !

a great book, the story is getting better between Zoey and Dex, and what is up with Boris the mystery man, I'm curious!
