Customer Reviews

I was hoping for a good brief history of Romania to read on my trip over there this summer. It's short. .. but that's about all it is. I felt like the book had not been edited and there were so many grammar errors that I was constantly distracted by them. Definitely disappointed in this one.

This book gives a great overall picture of Romania. It was very helpful. I may now purchase the book for future reference because of my ancestry. The book will refresh my mind. Gratefully I was able to borrow it.
