"My dad rocks. This book rules!" Ava (age 10)"Nana and the Banana is one of my favorite books. I am the monkey at the end." Marty, the author's son (age 7)

Thank you for considering buying my book and sharing this fun story. Enjoy!All profits and most of the proceeds go to at-risk inner city Baltimore School Libraries to buy much needed new books (in his mom's name).

Super cute book. We purchased this as a "Nana" Christmas gift from my boys to my mom (Nana). It's great for Nana's house (what nana doesn't like to read to her babies?!). I thought it was a cute gift because there's a ton of gifts for "grandma" but not a lot out there for "nana". Great for a birthday or Mother's Day from the grandbabies!

Very cool book. Nice story and it teaches kids about the animals. I bought the book for reading to my 5 grandkids and they all love the book. It's becoming one of their favorites. Brad's the next Dr. Seuss and "Nana And The Banana" will become the next "Fox in Socks".

This book is simply written but interesting and teaches the child about the animals. I recommend this book great reading for grandparents to their grandchildren.

Perfect. As described.

cute book

Cute book! I had to get it for my granddaughter because she calls me nana banana!

My 6 year old twins loved this book! They can read it by themselves and also read it to each other. The zoo theme is very appealing. Simply written. the content is precise enough for their minds not to wander but also learn something on each page. Enchanting and gentle illustrations. The bond between the grandparent and the child is very nicely depicted.

I sent this to my niece through . When my sister received the package they read the book right away. She e-mailed me to express her appreciation and wrote, "Thank you for the cute book for Anna! It is VERY well put-together and illustrated beautifully."
