## Adorkable

## **Synopsis**

Adorkable (ah-dor-kuh-bul): Descriptive term meaning to be equal parts dorky and adorable. For reference, see Sally Spitz. Seventeen-year-old Sally Spitz is done with dating. Or at least, she's done with the horrible blind dates/hookups/sneak attacks her matchmaking bestie, Hooker, sets her up on. There's only so much one geek girl and Gryffindor supporter can take. Her solution: she needs a fake boyfriend. And fast. Enter Becks, soccer phenom, all-around-hottie, and Sally's best friend practically since birth. When Sally asks Becks to be her F.B.F. (fake boyfriend), Becks is only too happy to be used. He'd do anything for Sal--even if that means giving her PDA lessons in his bedroom, saying she's "more than pretty," and expertly kissing her at parties. The problem: Sally's been in love with Becks all her life--and he's completely clueless. This book features two best friends, one special edition Yoda snuggie, countless beneath-the-ear kisses and begs the question: Who wants a real boyfriend when faking it is so much more fun?

ADORABLE!!!! What a cute YA story. I found this under 's "other books you might like" suggestions

and bought it on a whim. So glad I did! I loved every second of it."Adorkable" Sally Spitz has a problem...she's never had a real boyfriend and her BFF and mom are constantly setting her up on blind dates. Disastrous ones, and she's DONE. So she enlists the help of her childhood best friend and soccer star/golden boy, Becks, to keep them off her case. He becomes her fake boyfriend and the swoon-worthy, sigh-inducing moments begin...oh it was a sweet, fun ride!! I have three boys and we're done...but let's just say if we had a fourth boy, Becks would be in the running for his name. ;) Loved him! And Sal was adorable...both were just such likable, well-written characters. I will definitely keep my eye out for hopefully more stories from the author. Loved her style of writing. I'm so surprised this is a debut...it read like it was written by a well-seasoned author! If you're a fan of YA, do yourself a favor and read this one!! Just be prepared for a book hangover... ;)

To begin with, I LOVED Becks. I kept on getting goosebumps. I couldn't stop reading, ended up reading the whole book in a day. I still feel butterflies, even the briefest and dumbest thing got my stomach all twisted up. Becks was such a sweet guy, he had this relationship with Sal, so cute and unique. They accepted each other. And seriously, those lessons Becks gave Sal in his room got my stomach to feel so many things at once, so many butterflies (you know what? screw butterflies. I felt a freakin zoo), it even hurt. If you like romance, then you HAVE to read this. You'll end up in love with Becks. The only thing I didn't love about the book was that Sal always loved Becks. I mean, from the begging she was head over heels for him, sure, I understand it, but it kind of bothered me that she was always saying she loved Becks from the moment he laid eyes on him and stuff. I don't really know how to explain myself, it's just that I don't like it when someone meets someone and they're instantly like "I'm in love with you", and that's how Sal made it look... But I guess that's just a thing of mine, I guess most people think it's cute, but oh well. Once she said sth that implied she was in love with him at the age of five or sth. (maybe it wasn't at the age of five but in fifth grade. Can't recall lol) But seriously, read this, and believe me when I say you'll feel a zoo in your stomach, and that you'll love the book and the characters. Just... READ IT.

This book made me full out giggle a couple of times. I think Becks was an amazing character. And I possibly my one of my favorites! This book reminds me of The Duff, minus all that guilt sex and self image issue. Which is probably why I love it so much. There is a classic simplicity to it that just makes it sooo adorable and at the same time I just couldn't imagine appreciating it as much if I hadn't read The Duff at all. This book has become one of my favorites. And if your a sucker for a good high school romance between two friends, you'll love it too!

I read this book pretty fast, after I got a couple chapters in I just couldn't stop! This is one of my favorite love type books, it kept me needing to know more and at some points wanting to yell at Becks and Sal to just stay it already and when they finally did it was amazing to read. Definitely recommend, especially if you want something to make you feel like you are one of the characters.

My lazy thoughts: When it comes to YA, I prefer to read cute, feel-good stories than dark, angsty ones. I'd rather see that theme in NA books. Fortunately, *Adorkable* is a sweet, lighthearted read complete with adorable characters. Here, we meet best friends Sally and Becks who pretended to be a couple to get Sally's mom and other best friend Hooker off her back. Sally is equal parts dorky and adorable (hence, *Adorkable*). Becks, on the other hand, is a star soccer player-slash-all around hottie. I'm not usually fond of reading about the usual "dorky heroine being paired with popular, good-looking hero" storyline, but this worked for me. For one, I'm a fan of "best friends to lovers" stories. I'm all over that in a heartbeat. Secondly, Becks and Sally are just so adorable and cute together... And totally clueless! I find myself giggling at the PDA lessons. Smooth, Becks. Real smooth. LOL All in all, *Adorkable* was a fun, cute read. For a debut novel, it was a good one, too. Cookie O'Gorman is definitely an author to watch out for!

Even though I am not in this genre's demographic, I was pleasantly surprised by Cookie O'Gorman's premier novel. *Adorkable* is cute, funny, and binge worthy. I read the novel in a day! The characters are lovable and entertaining (I would never let anyone call me Hooker, even if it was my name). The story is well written and imaginative. O'Gorman really pulls you into a world that life SHOULD imitate. I loved all the pop-culture references and can't wait till the next book drops
